Session notes

**Week 4 – KS2**

**I just gotta sing – by Suzzie Vango**

**Warm up with Hello everybody**

## **Teacher Notes**

We add music to make everything better in life. This song promotes the idea that we've 'just gotta sing', and that it's happily infectious to do so. We present this song in a participatory style and it has hidden within it some vocal warm-ups which will help children develop their singing voices. The music never stops and Suzzie gradually builds up how much is asked of the children until they'll be singing and dancing in the whole song by the end.

## **Children Notes**

Have you ever found yourself singing in the shower or on your way back from school. Have you ever sung at the top of your lungs, singing your heart out? This song is a good one for that feeling. Suzzie will help you join in bit by bit and by the end you'll be singing the whole thing. Let yourself go and dance along with the rhythm from Simone's percussion playing too.

What did you think of this song? Don't forget to come back next Monday where we will introduce you to the next song, have a lovely week and keep singing.
