Week 5

A Friend of Mine – Traditional melody words by Rebecca Ledgard arranged by Rob Challinor.

Warm up with Hello, hello everyone

Teacher Notes

We are all so separated at the moment and consequently children can't develop their friendships in the usual way - in the classroom, in the playground, or in the dinner hall. Perhaps you are trying to find ways to keep your classroom or school community together. This is a lovely song to help with this, and if your children are learning about adjectives this helps too.

This is the fifth week in our interactive singing-film series. Many of our songs are about singing together and friendships. Once we're well into the song we ask the viewer to choose who they would like to sing about and two words to describe them and we leave musical gaps so they can insert the name and the adjectives. Do let us know any feedback, and whether your children are enjoying our songs. Feedback is useful and will help us make more.

Children Notes

It's lovely to sing with your friends, but at the moment of course we can't do that. However we can sing about each other or even sing to each other about each other over the phone. When Rebecca asks choose who you'd like to sing about and make sure you've got two lovely words ready to describe them. Perhaps you might sing about a friend or even your teacher!

What did you think of this song? Don't forget to come back next Monday where we will introduce you to the next song, have a lovely week and keep singing.
